

Ric Marchi is recognized as an insightful teacher equally able to communicate the application of computer software programs to neophyte and pro as well as Christian theology to the issues of post-modern society. Ric attended Northern California Bible College, San Jose, in the 70s majoring in theology and music. An accomplished musician and published songwriter since 1986, many of Ric' songs appear on major labels in the Christian Praise & Worship genre including the Hosanna! Integrity series and is a member of ASCAP with song distribution in more than 35 countries. After a 20-year career in hi-tech electronics sales & marketing Ric became a small business owner & partner of Computer Career Connection, a computer-related skills training center in the private post-secondary vocational rehabilitation industry. Ric was the recipient of the 2002 "Faces of Success" award and a contributing editor for "Voice Recognition with Software Applications" by Lyn R. Clark, Ed.D., published by Glencoe McGraw-Hill,©2002. Ordained in 1993, Reverend Marchi is the founding Pastor of Community-West Church in Orange, California. He and his wife, Vikki, own VR Solutions, providing sales and training of Dragon NaturallySpeaking continuous speech recognition software.
